

- Addition
- Subtraction
- Missing number
- Clocks to half hour
- VC nonsense words
- CVC nonsense words

Take Home
Practice
Mini
Flashcards

Some of my students are fantastic in math and struggle in reading. Some are fluent readers yet struggle in math. Some are struggling in both. This file was originally put together as a collection of resources to give to parents during conferences, but they can be sent home for practice any time!

Included in this file are mini flashcards in addition, subtraction, missing number, time to the half hour, vowel consonant, and consonant/vowel/consonant nonsense words. Print on construction paper or card stock to send home for practice.

Contents:

Slides 3-8 addition

Slides 9-12 subtraction

Slides 13-15 missing number

Slides 16-17 clocks - hour & half hour

Slides 18-20 vowel consonant practice

Slides 21-23 Vowel consonant vowel practice

If you download this file, please leave feedback!

Thank you!

Marge Sheridan ☺
