

HFW Practice

SF Unit 1

A Grade 1 Reading Street Sight Word Practice Center Game

By Marjorie Sheridan

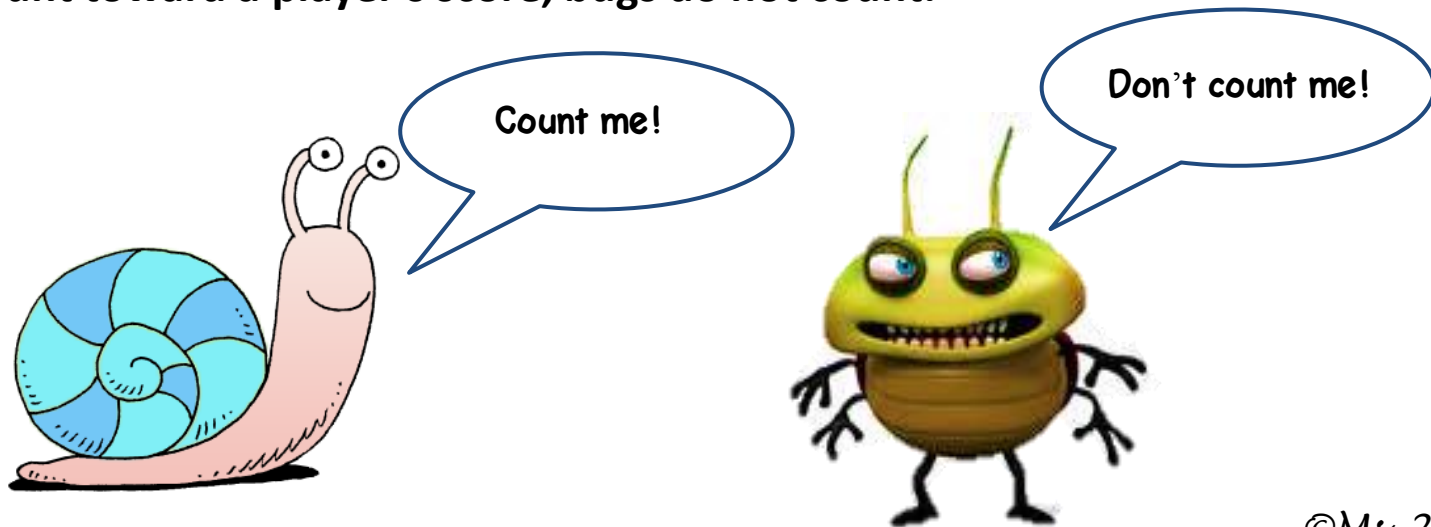

©Ms 2014

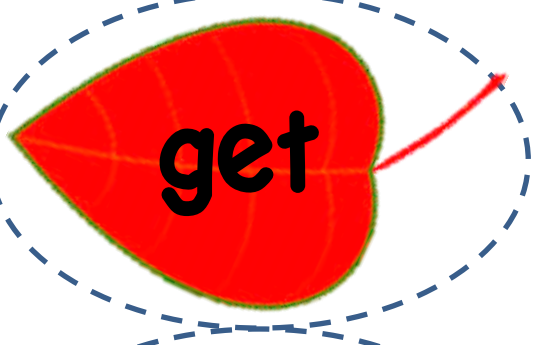

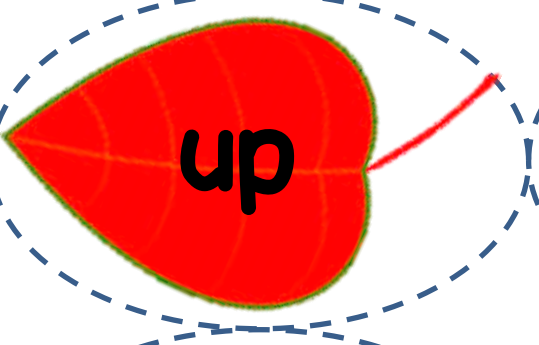

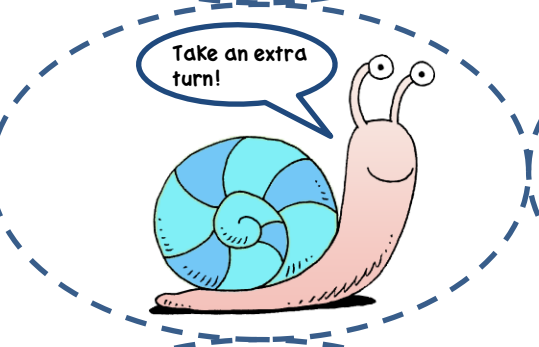

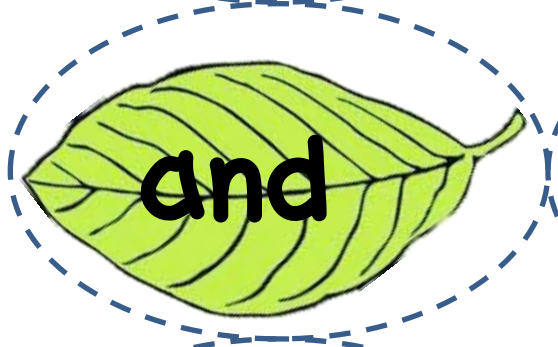

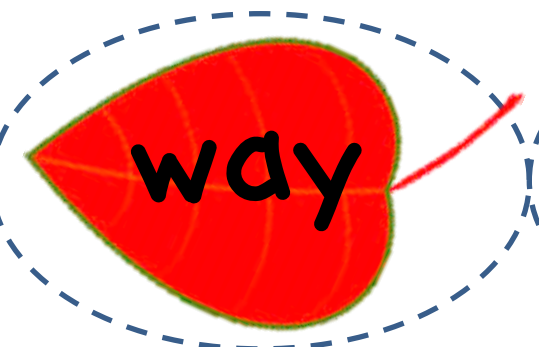

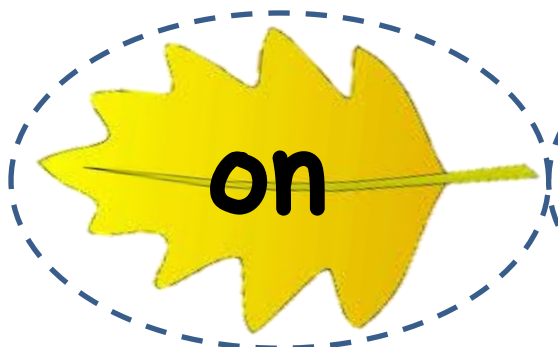

This sight word practice center game contains multiple copies of the sight words for Reading Street Grade 1 Unit 1.

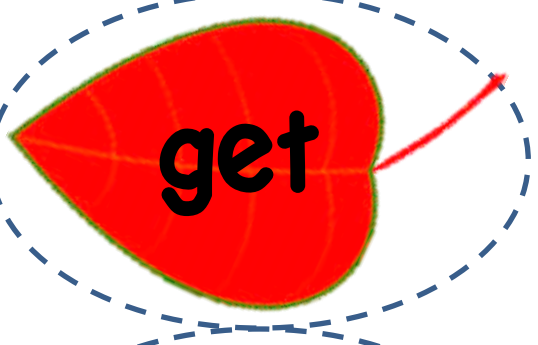

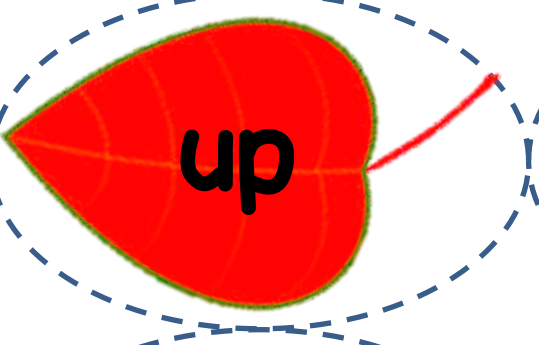

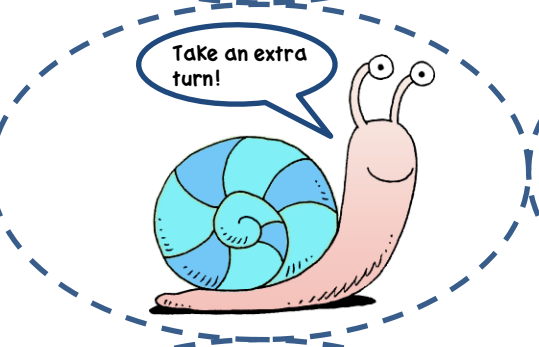

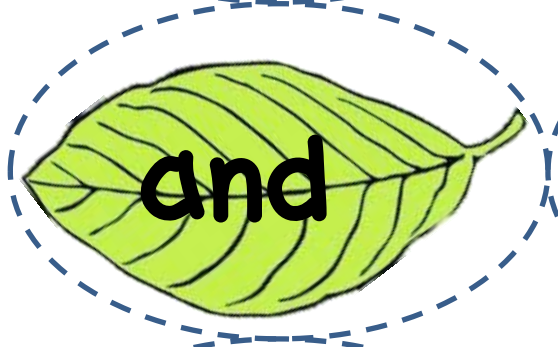

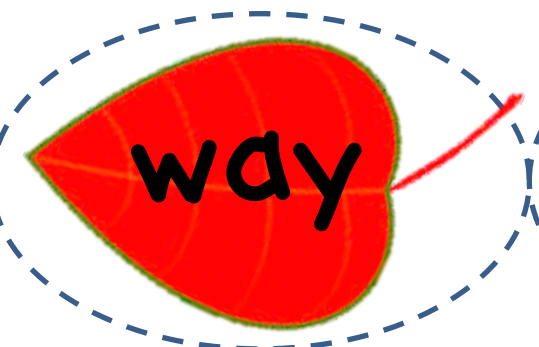

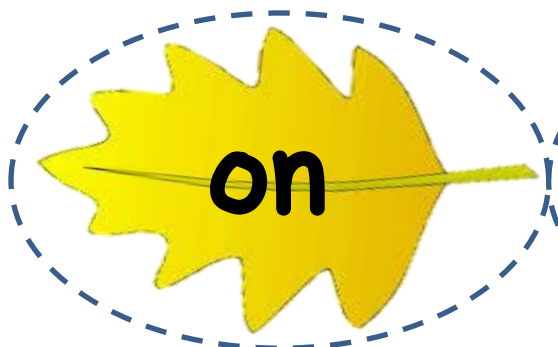

Game Prep: Print, cut, and laminate (or print on card stock) all leaves. Place in a container (Target has some cute fall-themed little baskets for \$1).

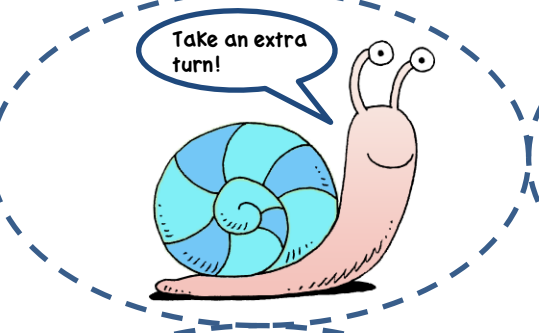

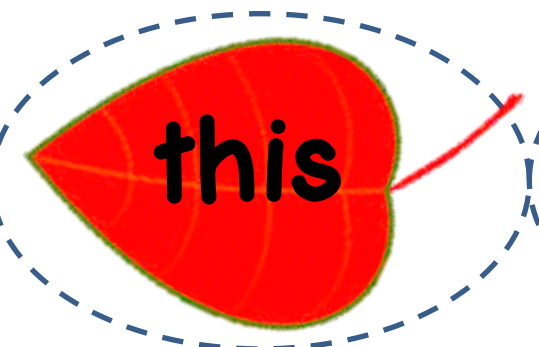

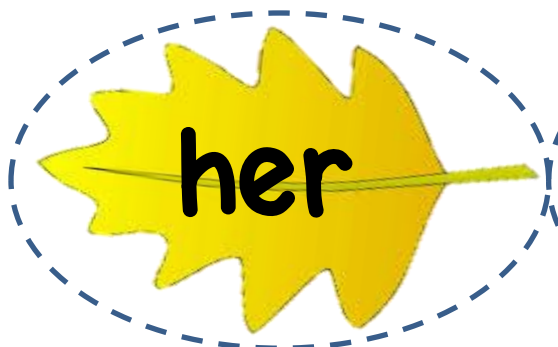

Game Play: Students take turns choosing a leaf from the basket (without looking), and reading the word. If read correctly, the player keeps the leaf. If incorrect, player returns leaf to basket. If a snail is chosen, the player gets to keep the snail and choose again. If a bug is chosen, the player keeps the bug and skips his turn.

Snails count toward a player's score, bugs do not count.
