

Number Strings Scoot

$$50 + 5 + 5 =$$

$$46 + 10 + 10 =$$

$$44 + 10 + 10 =$$

The materials to play the game "Scoot" may be used in a few different ways.

Prep. – Print and cut out the cards and print the recording sheet.

1. In the classroom: Scoot is played by placing 1 card on each student's desk or chair. The student at that particular desk, solves the problem and writes the answer on their own recording sheet while others are doing the same. When the teacher gives a signal (bell or other sound), students move to the next desk and record that answer – and so forth until all cards have been solved by everyone.

2. At home or in the classroom: Tape the cards around the room (or house) and kids use a clipboard (or book) to walk around the room and record their answers in the boxes on the recording sheet.

There is an answer sheet provided below.

Have fun!

1.

$$20 + 10 + 10 =$$

M&S 2014

2.

$$10 + 15 + 10 =$$

M&S 2014

3.

$$5 + 10 + 5 =$$
