

Snakes and Ladders Short Vowel Sentences

By Mrs. Sheridan

Prep: Print pages 3 and 4 and tape them together with "Start" at the bottom and "Finish" at the top to create a gameboard.

Materials: 1 die, 2 or more "markers" like coins or other small objects.

Directions: Place markers on "start." One player rolls the die and moves to that space.

That player must read the sentence on that space. If not, the player must go back. Continue taking turns moving and reading the sentences.

If a player lands on the **beginning** of a ladder, the player can climb the ladder to the space at the **top** of the ladder.

If a player lands on the **tail** of a snake, the player slides down to the space that contains the snake's head.

Players follow the yellow arrows back and forth across the board until they reach the "Finish." The first player to reach finish is the winner!
